

# Take Your Visitors on a 360° Tour

Invite customers inside with a virtual tour of your business.

## Why a 360° Tour?

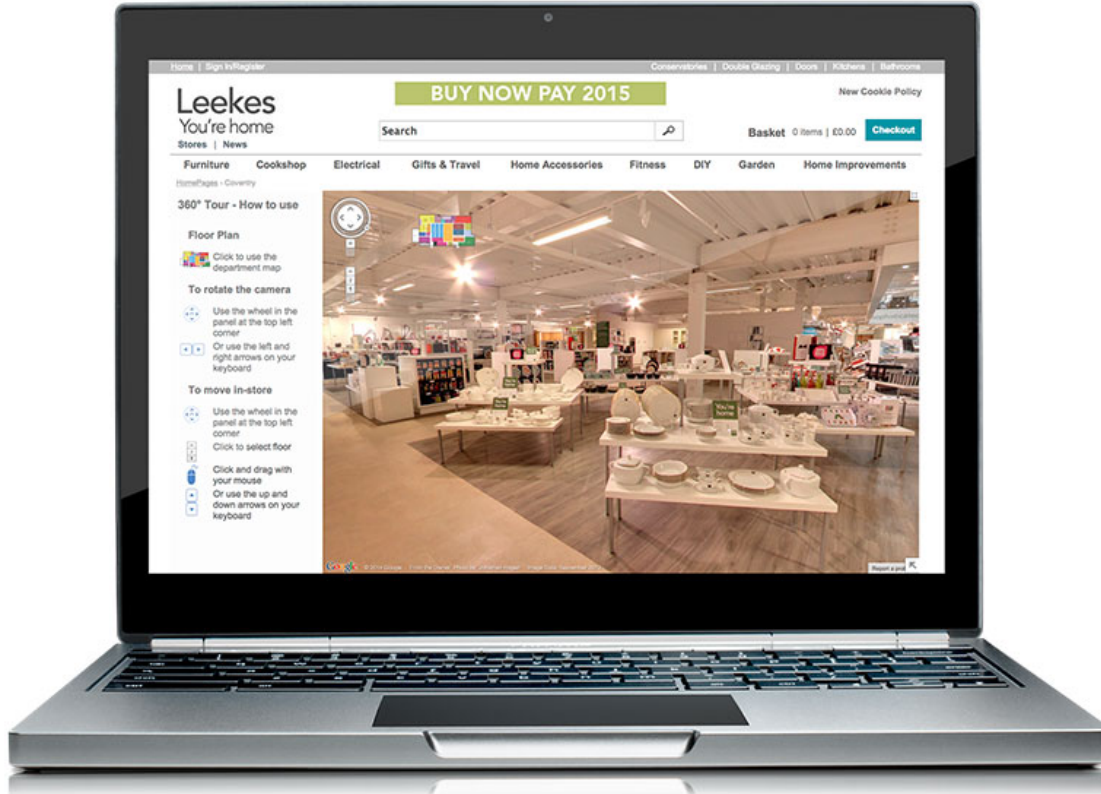

Enhance your presence across the web with a premium-quality, 360° virtual tour powered by Street View technology. It's simple, fast, and affordable.

- Engage your customers by letting them tour your facility virtually
- Show off your facility to the world
- Future visitors can understand the layout before their first visit
- Be a LEADER! Businesses everywhere are adopting it!

## Where can visitors view my tour?

Reach visitors everywhere through a variety of platforms. It's easy to embed and share your virtual tour - EVERYWHERE!

- Company Website
- Google Search
- Google Maps
- Google+
- Share on Social Networks (Facebook, Twitter)
- Email (as a clickable link)

## What do I get?

MPA will work with our partners at Google to create a 360° tour of your space. This tour will be interactive and allow visitors to click to move around your facility. They can even pan around to any angle and zoom in and out!

- 360° interactive tour hosted by Google.
- Google “Point of Interest” still photos that will be listed along-side your Google Maps Listing.
- Visitors can move, zoom, and even pan through your facility.
- MPA will shoot, edit, stitch, and upload your work to Google’s Business View Platform.
- We’ll provide you with a link and code to add the tour on your website.
- We can help add it to your website for an additional charge.
